

Workplace Occupational Health and Safety COVID-19 Vaccination and Testing

Artscape is taking measures during the pandemic to protect the health and safety of its employees.

Employees who perform their jobs at Artscape worksites or in the physical presence of other Artscape employees, vendors, customers, tenants, members or clients **are required to show proof of vaccination or be regularly tested for COVID-19 prior to entering.**

In accordance with provincial guidelines all employees, clients, members, guests and vendors working and/or attending events (events at Artscape Performance and Event Venues and at Launchpad) must be fully vaccinated without exception.

The operating hours will be Monday to Friday, 9am to 5pm.

- Core public health guidelines remain in place during this time. Physical distancing is required in all common areas, face masking remains mandatory per the City's bylaw and health screening is required upon entry each day.
- Artscape has opted to institute a workplace vaccination policy for our employees that will take effect September 13. All Artscape tenants and owners are encouraged to do the same.
